GROWTH WITH STRONG PARTNERS

Industrial companies worldwide rely on our dosing systems – ensuring precise and reliable applications in manufacturing processes. To further expand our international sales network, we are looking for **partners** who serve industrial customers in their region and impress with **technical expertise** and **market knowledge**.

Whether you already run an established **sales company** or are an **industry expert** looking for new business opportunities – we offer you the chance to become part of a growing market.

CONTACT US!

Would you like to learn more about the possibilities of a collaboration? We're happy to provide information about:

- ▶ Market opportunities and potential in your region
- ▶ Conditions for a long-term partnership
- ▶ Application areas and technical details of our systems

D+P DOSING TECHNOLOGY

For **almost 40 years**, we have been developing and manufacturing systems for the **handling and application** of viscous media such as **greases, pastes, silicones, and adhesives**. Our solutions ensure stable and reproducible processes for dosing, sealing, lubrication, and bonding.

Our systems are used wherever **reliability and precision** are critical – particularly in the automotive industry, mechanical engineering, and aerospace.

Leading **manufacturers worldwide** rely on our technology – including companies like Bosch, Varta, VW, Zeiss, and many more.

WHAT SETS US APART

PROVEN EXPERTISE

Decades of experience with international projects in key industries.

IN-HOUSE DEVELOPMENT & MANUFACTURING

Fully based in Germany – ensuring maximum quality and flexibility.

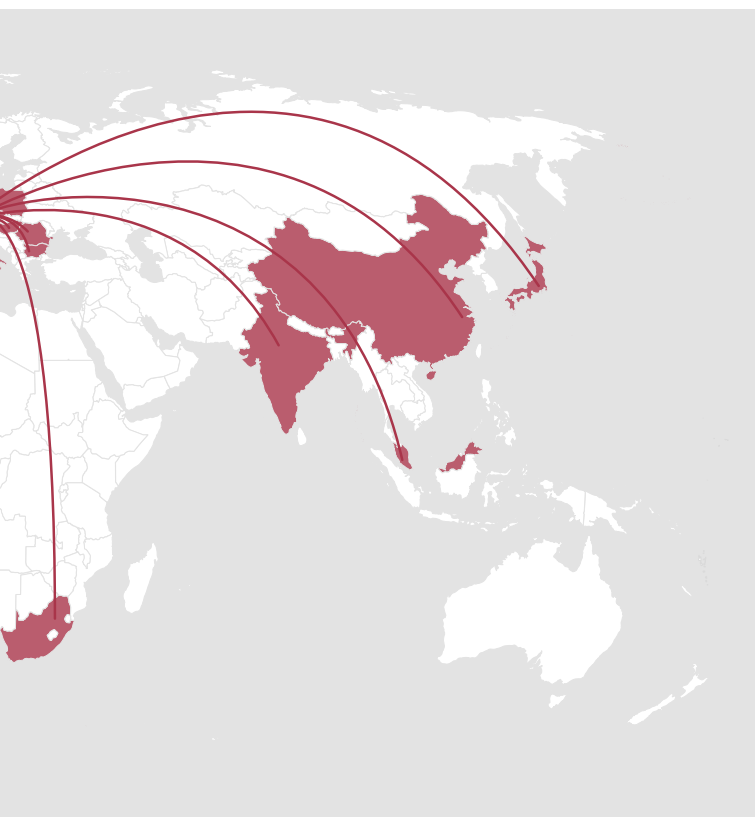

HOLISTIC SOLUTIONS

From material supply to precise application – everything from a single source.

HIGHEST QUALITY

Robust, low-maintenance technology for continuous industrial 24/7 operation.

YOUR BENEFITS

ACCESS NEW MARKET POTENTIAL

Benefit from the increasing demand for precise dosing technology – especially in future markets such as automated manufacturing or e-mobility.

ATTRACTIVE PRODUCT PORTFOLIO

High-quality solutions for complex dosing tasks in industrial applications to complement your product range.

TECHNICAL SUPPORT

Expert assistance from specification to commissioning – including customized customer solutions.

PRACTICAL TRAINING

Targeted qualification on products, applications, and sales arguments – on-site or digitally.

PROFESSIONAL SALES MATERIALS

Technical documentation, presentations, marketing materials, and application examples to support your acquisition efforts.

DIRECT ACCESS

Short communication channels to our developers and technicians – ensuring quick solutions and expert advice.

LONG-TERM PARTNERSHIP

Transparent communication, reliable structures, and collaboration as well as active support in expanding your market presence.

EXACTLY YOUR **SOLUTION!**
